IMPORTER ASBESTOS DECLARATION

Before goods are imported to Australia, importers should ensure their supply chain security by confirming with their overseas suppliers that asbestos was not used to manufacture the goods. Importers are encouraged to investigate, and where appropriate implement:

- contractual obligations with their suppliers that specify nil asbestos content;
- sampling and testing for asbestos content prior to shipping the goods to Australia; and
- regular risk assessment and quality assurance processes.

I (Insert full name) certify that all products Imported into Australia from the below Suppliers

In Australia, a product containing asbestos is prohibited for importation without prior permission under Regulation 4C of the Customs (Prohibited Imports) Regulations 1956.

Under sections 233(1) and (1AA) of the Customs Act 1901 it is an offence to import a prohibited good. Prohibited imports that arrive at the Australian border may be seized and the importer may be prosecuted or subject to penalties.
